1 I, MELODY A. KRAMER, declare:

2 1. I am not a party to the present action. I am over the age of eighteen. I
3 have personal knowledge of the facts contained within the following paragraphs, and
4 could and would competently testify thereto if called as a witness in a court of law.

5 2. At all times relevant herein I have been an attorney for Sorensen
6 Research and Development Trust ("SRDT"), Plaintiff in the above-captioned matter.

7 3. This Declaration is being submitted in conjunction with Plaintiff's
8 Reply to Opposition to Motion for Exception to Stay for Preservation of Evidence.

9 4. *Ex parte* reexamination requests to the USPTO are a procedure whereby
10 anyone, even anonymously, can assert that there are problems with a patent. Ninety-
11 six percent of all such requests are accepted. However, only around 10% of such
12 requests result in cancellation of all claims in a patent.

13 5. Defendant had several opportunities to provide the requested
14 information informally before this motion was filed, or by stipulation after the
15 motion was filed, but refused.

16 6. For three years, Plaintiff sought through repeated requests pursuant to
17 35 U.S.C. § 295, to obtain reliable information about the Accused Processes from
18 Senco. None has ever been received.

19 7. The Chen document referenced in Ryobi's pleadings is inapplicable to
20 this patent infringement case because it references different companies and different
21 products.

22 8. If Defendant intended to include a clone Chen document to those in the
23 related Emerson and Senco cases but listing Ryobi products, it would come no where
24 close to admissible evidence in a U.S. court of law, and does not allow for Plaintiff
25 to conduct any follow-up to test the veracity of its statements.

26 //

1 SWORN TO under penalty of perjury of the laws of the State of California
2 and the United States, this 13th day of August, 2008.
